ASBSTOS NESHAP WASTE SHIPMENT RECORD INSTRUCTIONS FOR USE

For all asbestos-containing waste material transported off the facility site:

1. Maintain waste shipment records, using a form similar to that shown in fig. 4, 40 CFR Section 41.149 and include the following information:
 - a. The name, address, and telephone number of the waste generator.
 - b. The name and address of the local, State, or EPA Regional office responsible for administering the asbestos NESHAP program.
 - c. The approximate quantity in cubic meters (cubic yards).
 - d. The name and telephone number of the disposal site operator.
 - e. The name and physical site location of the disposal site.
 - f. The date transported.
 - g. The name, address, and telephone number of the transporter(s).
 - h. A certification that the contents of this consignment are fully and accurately described by proper shipping name and are classified, packed, marked, and labeled, and is in all respects in proper condition for transport by highway according to applicable international and government regulations.

NOTE: Shipping name for friable waste asbestos is: RQ, Waste, Asbestos, 9, NA2212, III.

2. Provide a copy of the waste shipment record, an example of which is presented on page 3, of this document to the disposal site owners or operators at the same time as the asbestos-containing waste material is delivered to the disposal site.
3. For waste shipments where a copy of the waste shipment record, signed by the owner or operator of the designated disposal site, is not received by the waste generator within 35 days of the date the waste was accepted by the initial transporter, contact the transporter and/or the owner or operator of the designated disposal site to determine the status of the waste shipment.
4. Report in writing to the local, State, or EPA Regional office responsible for administering the asbestos NESHAP program for the waste generator if a copy of the waste shipment record, signed by the owner or operator of the designated waste disposal site, is not received by the waste generator within 45 days of the date the waste was accepted by the initial transporter. Include in the report the following information:
 - a. A copy of the waste shipment record for which a confirmation of delivery was not received and
 - b. A cover letter signed by the waste generator explaining the efforts taken to locate the asbestos waste shipment and the results of those efforts,
5. Retain a copy of all waste shipment records, including a copy of the waste shipment record signed by the owner or operator of the designated waste disposal site, for at least 2 years. Review 40 CFR 61, Part 61 Section 61.149 for further clarification.
